Forecast for Thursday 09 Jun 2022

Weather: A good amount of dry, bright weather through the afternoon, but extensive low cloud and some patchy light and drizzle early morning and in the evening.

Chance of cloud-free hill tops above 800m: 10% early morning improving 75% by midday. Decreasing 30% in the evening.

Low Cloud and visibility: Low cloud occasionally down to 400 m in the morning, mainly in the east. This generally lifting and breaking, through the morning with cloud above the summits for a time in the afternoon. Bands of rain may lower cloud down to 500 m at times in the evening. Good visibility occasionally moderate in rain, and very poor within low cloud.
